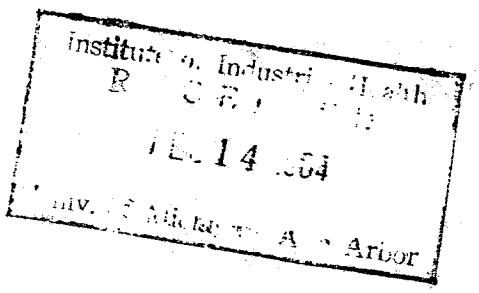
Lyon, 10. 2. 1964



Dear Sir,

I am making at present a thesis of industrial medicine on the toxicology of organometallic compounds.

I should be grateful to you if you could send me photographic reproductions (photocopies or microfilms) of the following works:

— Eldridge W. A., A study of the toxicity of lead tetra ethyl, Report 19, Chemical Warfare Service, Oct. 5, 1924.

— Kehoe R. A. Problems in handling ethyl fluid and ethyl gasoline. National Safety News 29, 19 (1934).

as you want the cost of these reproductions

Thanking you in advance, I remain, dear Sir respectfully yours

(Argué)
