Subject: Request to extend the deadline to reply to the second consultation on PFAS restriction

Dear Dr. 5.1.2e Dear Mrs. 5.1.2e Dear Mr. 5.1.2e Dear Mr. 5.1.2e Dear Mr. 5.1.2e

On behalf of 15 European and national trade organizations, we are writing to you to raise our concerns about the deadline for submitting feedback to the recently opened second stakeholder consultation on a restriction for PFAS. As the consultation is open for only a limited time during the summer months, we are worried that the proposed deadline could jeopardize the quality of submitted information.

As indicated in our December 2020 letter, due to the complexity of our supply chain, we require sufficient time to reach out to our downstream users for additional information. Considering the reduced resources and availability during the summer period, we would request that you extend the deadline to respond to the consultation to mid-October 2021.

We would highly appreciate it if you would consider the above elements and adapt the procedures accordingly to enable meaningful input to this data-collection exercise.

Yours Sincerely,

5.1.2 5.1.2e

PlasticsEurope is the pan-European association of plastics manufacturers with offices across Europe. For over 100

years, science and innovation has been the DNA that cuts across our industry. With close to 100 members producing over 90% of all polymers across Europe, we are the catalyst for the industry with a responsibility to openly engage with stakeholders and deliver solutions which are safe, circular and sustainable. We are committed to implementing long-lasting positive change.
