[redacted]

Dear Dr.

I was pleased to have an opportunity to meet with you at the G.E. Health Conference. As a result of our discussions, I thought you might be interested in receiving copies of our Statistical Bulletins and some of our Health and Welfare literature. Review copies of these are enclosed, and if you would like to have a few additional copies for use in the Medical Department we would be pleased to send them .

We look forward to continuing cooperation with the Medical staff of General Electric.

~~Yours sincerely,~~
Sincerely yours,

George M. Wheatley, M.D.

Dr. Kelly

This letter should be checked with Dr. Kline and then sent out to all the other people.

Letter should also be checked with Group Division.
