Attention: OPPT Docket No. AR-226 (Toni Krasnic - Room 410L)

Re: Information on Perfluorobutane carboxylate (PFBA) and its salts

Dear Docket Officer:

This continues 3M's voluntary submissions of data on perfluorooctane sulfonate (PFOS), perfluorooctanoic acid (PFOA), and related compounds, as part of our ongoing dialogue with EPA regarding perfluorochemicals.

3M is submitting a collection of pharmacokinetic studies on various fluorochemicals. An index of the materials is provided on the CD, and the index contains hyper-links to the individual documents. Also enclosed is a hard copy of the index.

Please feel free to contact me with any questions.

Very truly yours,

Michael A. Santoro
Director of Environmental Health
Safety and Regulatory Affairs
