Re: Asbestos Medical Examination

REDACTED

Recently you indicated a desire to have a medical examination as specified in the Occupational Safety and Health Administration standard 1910.1001. The examination will include a chest roentgenogram (posterior-anterior 14 x 17 inches), a history to elicit symptomatology of respiratory disease, and pulmonary function tests to include forced vital capacity (FVC) and forced expiratory volume at 1 second ($FEV_{1.0}$). As indicated to you, the cost for this examination will be borne by Anco Insulations, Inc.; however, you should make arrangements to avail yourself of the examination on personal time. We have made arrangements with the Baton Rouge Clinic, 8415 Goodwood Boulevard, Baton Rouge, Louisiana to complete these examinations.

You should contact Dr. James Lutschg at telephone: 923-1515 to make an appointment. Dr. Lutschg will take appointments as late as 4:45 p.m. on weekdays and until noon on Saturdays. Your bringing the original of this letter to the Baton Rouge Clinic at the time of your examination will authorize them to bill the cost of the examination directly to Anco rather than to you.

Thank you.

Very truly yours,

Herbert J. Knoblauch

JOB # 1035

ASBESTOS EXPOSURE - MEDICAL EXAMINATIONS

I, the undersigned Employee for Anco Insulations, Inc., acknowledge that Anco has told me that I may be or may have been exposed to asbestos in my work and has offered to have me examined by a doctor, at the company's expense, relative to exposure to asbestos.

I have checked below whether or not I desire such a medical examination.

☒ I do desire a medical examination.

☐ I do not desire a medical examination.
