Mr. Peter Cowdrey
John Hancock Mutual Life Insurance Company
P. O. Box 111
Boston, Mass. 02117

Dear Mr. Cowdrey:

I've enclosed a packet of information on PCBs. After you've reviewed this material, if you'd like to discuss some technical aspect further, please contact Dr. John Craddock, our PCB coordinator, at (314) 694-4764.

To reiterate, it is chemically impossible to form any of the dioxins from PCBs.

Sincerely yours,

Dan R. Bishop
