DEPEND ON DUTCH BOY

more years to the gallon

New "Dutch Boy Latex Satin Gloss Enamel" is the perfect choice wherever a semi-gloss finish is desired.

It's easy to use, spreads easily with brush or roller and never a mess, because you clean-up with just soap and water. One quick drying coat of Dutch Boy Latex Satin Gloss Enamel provides a smooth, hard, scrubbable finish that's non-yellowing and resistant to marring and soiling. You'll enjoy the beauty of your walls and woodwork immediately, for with Latex Satin Gloss Enamel there is never a painty odor.

Look for the Dutch Boy whenever you plan to paint. Remember, Dutch Boy does it best.
