Note: The foregoing table contains all information [illegible] Aroclors 1016, 1221 and 1242 between 1970 and 1977 which Monsanto has been able to reconstruct after reasonable effort. Monsanto believes that information is complete from January 1, 1971, to the time it ceased manufacture and sale in 1977. If further research should produce additional information, plaintiff will be advised.
