CORRESPONDENCE

Dr. Willard F. Machle,

Dear Dr. Machle:

Attached hereto is a letter from Mr. H. N. Blakeslee of the Department of Accident Prevention of the American Petroleum Institute dated June 20th enclosing some literature on a new gas mask. I would thank you to please let me have your opinion, together with the return of the enclosed papers.

Very truly yours,

A large, stylized handwritten signature in dark ink, likely belonging to Robert H. Thacker, is written over the closing. The signature is fluid and cursive, with a prominent initial 'R' and a long, sweeping tail.
