MEMORANDUM

TO: Dr. Douglas G. Bannerman
Timothy S. Hardy, Esq.
Elizabeth Gormley, Esq.
Susan Sawtelle, Esq.

FROM: Steve Rosenthal SR

DATE: August 3, 1987

Enclosed is the agenda issued by the Scientific Advisory Panel established pursuant to Proposition 65. As you can see, PCBs have been accelerated for consideration to the August 28, 1987 meeting. Given our accelerated time schedule, I am making inquiries as to whom we should be contacting in California. My concern is that there will be no staff person assigned to "work up" the A-list candidate chemicals given their prior evaluation by EPA.
