Hello, my name is _____. In this part of the interview, we want to talk about the jobs, full-time and part-time, that you have held in your life. If you had more than one job title with an employer, that is, you had more than one position at a place of employment, I need information for each position. If you left an employer and then returned, I need to know about each separate time you worked there.

Let's begin with the first job you ever held.

A. What was the name of your first place of employment? *(If "Monsanto," ask)*: Was that at the Krummrich Plant or Plant B in Sauget?

If Krummrich Plant or Plant B, go to KRUMMRICH SECTION.
For all others, go to NON-KRUMMRICH SECTION.
