STRENGTHENED REAR AXLE INPUT SHAFT (QAR)

A non-interchangeable improvement to the rear axle of the SQHP tandem has been made to increase the life of the rear carrier input shaft and to insure that the assembly torque of the locking nut is maintained. In conjunction with this change, Rockwell has incorporated a yoke change which will standardize U-Joint centerline standout dimensions and will also improve the sealing surface at all positions on the SQHP. All existing axles can be updated as required by means of kits provided.

PART NUMBER DEFINITION

This price list is arranged in two sections:

Section 1 contains plain part numbers and part numbers to which symbol letter has been prefixed. These part numbers are arranged first by alphabetic symbol, then by number.

Section 2 contains all parts covered by the number, letter, number system. Examples of this system are 2X1, 14X2, 1205E5. These numbers are arranged first by base number, then by letter and last by suffixed number.

You will note that each part family has a specific base number that is followed by a letter and other numerals or the part number proper.

As an example all oil seals and retainers carry the base number 1205, 1705 or 1805. The letter and numerals such as A1, B2, C3 follow the alphabet in sequence until Z26 is reached, then start over at A27, B28, C29 etc., until Z52 is reached, then start at D54, D56 etc.

Any base number preceded by a letter and numeral such as A, A1, A2, etc., indicates an assembly.

ROCKWELL WARRANTY

We warrant all new parts for one year from date of shipment to the buyer against defective material or workmanship (but not against damage caused by accident or abuse) when such parts are used on vehicles the specifications of which have been approved by our Engineering Department.

We will at our option repair or replace such parts, free of charge, if found on examination by us to be defective and if any necessary return charges are prepaid. The above warranty and the above obligation to repair or replace are complete and exclusive; we disclaim liability for special or consequential damages of any nature.

If it is necessary to return any parts under this warranty, the buyer agrees not to make any deduction on account thereof from remittances or current accounts while claims are in process of disposition. Any expense incurred without our consent for repairs or replacement will not be allowed.

The use of any but genuine Rockwell parts will nullify this warranty.
