WASTE MANAGEMENT, INC. – THE EXPANDING ROLE OF PRIVATE INDUSTRY P. 4

By Michael A. Oberman, Editor, WASTE AGE

An in-depth look at the growth and development of one of the country's leading solid waste agglomerates. This article details the financial advantages of the agglomeration process as well as outlines the changing pattern of the waste collection and disposal industry.

OSWMP OUTLINES NEW POSITION ON LANDFILLING OF MILLED SOLID WASTES P. 12

The federal government has changed its position on the necessity to provide daily cover for milled waste in a sanitary landfill. The new position states that, depending on local conditions, it can be environmentally acceptable to landfill milled solid wastes without daily cover.

WATER WASTE CLEAN-UP INCREASES SOLID WASTE BURDEN P. 18

By Robert Griffin, WASTE AGE Staff

The newest member of the WASTE AGE editorial staff delves into the ramifications of the Federal Water Pollution Control Act Amendments of 1972 for the solid waste industry.

PROPOSED GUIDELINES FOR THE LAND DISPOSAL OF SOLID WASTE P. 20

There has been much debate concerning the federal sanitary landfill guidelines at federal, state and local levels of government, as well as among private companies. Published here is the latest draft of the sanitary landfill guidelines as they now find approval.

HAZARDOUS WASTE DISPOSAL STUDIES P. 38

By Henry Johnson

Mr. Johnson, who is a project manager at the National Environmental Research Center in Cincinnati, delineates the research which is being done on hazardous waste disposal as well as the implications of this research.

LEASING PILLS BIG LANDFILL BILL P. 46

By Mark Sparks

Mr. Sparks who is an executive of a national leasing company, outlines the advantages of leasing equipment for sanitary landfill.
