Sauget, Illinois 62201

Dear Mr. Heisler:

Enclosed is a draft of the industrial hygiene survey conducted at the W.G. Krummrich plant on July 21-22, 1976. I would appreciate you reviewing this report for any trade secret information that may have been inadvertently included and for technical correctness. Upon receiving your response, the report will be finalized with copies forwarded to you, NIOSH Assistant Regional Director, OSHA Regional Director, local union representative and the Illinois Department of Labor. It should be noted that investigative findings and reports are subjected to mandatory disclosure, upon request, under the provisions of the Freedom of Information Act.

I apologize for the delay in sending you this report; however, we were delayed in obtaining the analytical results and I have been traveling very much recently.

Sincerely,

Mark W. Jones
