Mr. R. L. Hite
Personnel Supervisor - Safety
C & P Telephone Company
703 East Grace Street
Richmond, Virginia 23219

Dear Mr. Hite:

Attached is a copy of a report from ES Laboratories of their analysis of the flaking insulation you sent to Mr. James Degen at AT&T. The results show the sample submitted contains forty percent chrysotile asbestos and ten percent free silica (α Quartz).

Please contact me at (201) 582-7519 if you have any further questions about this report.

Sincerely,

Roy Deitchman
