Remarks: Explain any check under "Application - Other" and include any additional relevant information. Also note in the remarks column if the item is installed in the plant, but no longer used for new installations.

Any Other Asbestos Containing Material Usage: On the last page of the survey form enter any other products/materials containing asbestos which are used that are not enumerated in the products listing.

Survey Sign-off: Enter the name of the plant and division, and signature of the person responsible for the completion of the survey.

Please return the completed forms to R. E. Majors, Plant Engineering Department, Electrical and Electronics Division, on or before May 21, 1980. Should questions arise, please call Mr. Majors on extension 78179.
