## ODOR-LESS FLAT ENAMEL

A flat finish with many of the qualities usually attribut only to an enamel—less dirt collection—greater washability self-sealing—maximum flow and levelling properties—excelle hiding and durability. It can be most easily brushed or roll onto nearly any surface: wallpaper, wallboard, plaster, bric or practically any previously painted surface.

## DIRECTIONS FOR USE

Before painting, all surfaces to be finished should be clea dry, and free from grease, oil, and wax. If grease is present the surface, wipe thoroughly with turpentine or Universal Thi ner and dry at the same time with a clean rag. Scrape off loose or scaling paint and sandpaper any rough spots with fi sandpaper. Fill nail holes and cracks with Kem Plastic Patc After filling, spot prime with clear shellac or pigmented shella STIR PAINT THOROUGHLY BEFORE APPLYING.

OLD PAINTED SURFACES: If in fairly good conditio apply directly to the surface one or two coats, depending up the hiding secured from the first coat and the quality of finis desired. Two coats will give a better job. Apply Odor-Less Fl as it comes in the can or thin slightly with ODOR-LES THINNER if necessary. For best results use a clean qualit brush or roller.

NEW PLASTER: If the plaster is THOROUGHLY DR Odor-Less Flat can be applied directly to the surface, one two coats as necessary. Apply as above.

POROUS AND OLD SURFACES: Apply one or two coa of Pigmented Gloss Sealer in order to secure a uniform shee over the entire wall surface before applying Odor-Less Fla Apply as above.

CAUTION: Flammable. Keep away from heat and open flame. Use with adequate ventilation. Avoid prolonged breathing of vapors and prolonged contact with the skin. Do not take internally. Wash thoroughly after using and before eating and smoking. When not in use keep container tightly closed.
