SUBJECT : TOXICITY DATA - PYDRAUL F-9 & A-200

REFERENCE :

TO Dr. R. E. Kelly
Medical Director
St. Louis

Dear Dr. Kelly:

Would you please supply us details of toxicity data, preferably Younger Laboratories' Certificate of Analysis, for each of Pydraul F-9 and A-200. An extensive sales promotion program for Pydraul fluids has just started in Japan, and we are now trying to compile as much information as possible on Pydraul fluids in order to accomplish the program very successfully. In this connection, we need the aforesaid toxicity data for Pydraul F-9 and A-200 very badly, and your prompt attention to our request will be greatly appreciated.

Sincerely yours,

T. Ishijima
