Mr. E. H. Jeffords, General Manager,
General Asbestos & Rubber Division,
North Charleston, S. C.

Dear "Jeff":

Enclosed find copy of letter I have received from Mr. Fabel, President of Southern Asbestos Co., and copy of my reply, which I think are self-explanatory.

Please give them whatever information you can without agreeing to go to Charlotte as a witness for the Southern Asbestos Co. I do not believe that would be good policy.

From what I have heard, (of course not authentic in any way) the dust at the Charlotte plant is very bad, possibly the same as it was in our plant some years ago.

Very truly yours,

SS-G.
