E. M. Potter -B2NK
J. F. Stapleton -B2SA
B. O'Brien -Rexdale

I certify that:

1. Sales of PCB to heat transfer applications were terminated on January 31, 1972.

2. Sales of PCB's to dielectric applications were terminated on January 31, 1972 except to approved customers who satisfied Monsanto's special requirements.

3. Sales of plasticizers containing monochlorobiphenyl and/or P.C.T. were terminated on March 31, 1972. There was, however, one exception - the sale of 74,700 lbs. of Aroclor to Canada Colours due to a lost order. This shipment was approved by C.P. Cunningham at the request of the plasticizer group.

4. Sales of industrial fluids containing PCT were terminated on June 30, 1972.

5. All remaining inventories of products containing M.C.B., P.C.B., and P.C.T. isbonded in our Toronto warehouse. Arrangements are being made to have this material returned to M.C. immediately.
