Dear 5.1.2e ,
 Many thanks also from our side for the opportunity to meet and discuss the PFAS stewardship and uses with you last week. Please find attached the slides that have been presented to you. And I made few minor edits to the summary doc. (including adding the surname of 5.1.2e).
 I'm still in discussion with my colleagues that are working internally on the Application Benefit Framework. I will follow-up with you separately on the opportunity to exchange some ideas/experience with you on this.
 Thanks again and please do not hesitate to come back to us with any further questions at any time.
 Best regards, 5.1.2e

Dear 5.1.2e ,
 Thanks for the interesting meeting we had last week. Attached you will find a short summary of our meeting which we would like to share with our colleagues in Germany, Denmark, Sweden and Norway working on the restriction. I hope we correctly reflected the information presented by you. If you have any corrections or additions please let me know.
 Unfortunate we missed 5.1.2e 's full name.
 Kind regards,

Dear 5.1.2e,

Thank you very much for sending us the invitation. I will be accompanied by our 5.1.2e as well as two colleagues from the business side.

As one of them has a conflict on the scheduled time (23rd March at 14h), would it be possible to do the meeting one hour earlier, so at 13h? Please let me know if possible for you.

Thanks again and Best regards, 5.1.2e

Dear 5.1.2e,

Thank you very much for your quick reply.

Both 23rd afternoon and 24th March work for me. As I might invite also some colleagues to join me for this meeting, may I propose either Tuesday 23rd at 14h or Wednesday 24th at 15h?

Thanks and Best regards, 5.1.2e

Dear 5.1.2e,

Thank you for your email and your offer to inform us on the on-going activities of 3M regarding fluoropolymers/PFAS. We would appreciate to have a meeting.

Due to international (online) meetings the agenda during the coming weeks is rather full, would Tuesday 23 March (afternoon) or Wednesday 24 March fit into your schedule?

Kind regards,

Dear 5.1.2e,

I wanted to take this opportunity to share with you 3M's recent environmental stewardship commitment:

<https://news.3m.com/English/3m-stories/3m-details/2021/3M-commits-to-achieving-carbon-neutrality-reducing-water-use-and-improving-water-quality/>.

Those commitments do apply also to our PFAS manufacturing sites we have today in Europe: Dyneon site in Gendorf/Germany and Zwijndrecht plant in Belgium.

I would appreciate an opportunity for a meeting with you to discuss our commitments in more detail, as well as to inform you about our upcycling of fluoropolymers activity in Germany and to discuss in some more detail our Novec products as part of the upcoming PFAS restriction. Would you agree to propose us a few timeslots when you could meet us?

Thank you & I look forward to our discussion.

Best regards, 5.1.2e
