Dear Doctor:

I thank you for your December 31st letter and copy of report on the relationship between tuberculosis and asbestosis.

As a French translation of this report has already been published in "Laval Medical", a publication of the Laval University, in the November number, Dr. Rosaire Gingras inquires if you would be interested in receiving a copy of the above mentioned publication.

I would like one very much — thanks for his thoughtfulness

Yours truly,
