Now, I guess, really, the only difference is that they take out the word "probably?"

A Yes, based on no new data. The same report.

Q Still in 1939 if I was going to get a copy of this, this is what I would have read back then, right?

A Yes, there is also a reference in the back to the whole report.

If you really want to find out what is in the whole report, you would read it.

Q Now, we have talked about TLVs today, and am I correct that TLVs are geared toward the entire working lifetime of a worker?

A They are, yes.

Q Okay. And we have mentioned a couple of times TWA or time-weighted average, but I don't think it has really been explained to the jury.

Could you tell the jury what a time-weighted average is?

A Well, in essence it is this.
