Mr. Neal Michaels
Union Carbide Corp.
P.O. Box 180
Sistersville, W. Va. 26175

Dear Mr. Michaels:

We have received your letter requesting information about safety and health data for Therminol FR-0 used in your silicone plant.

We wish to confirm that all of the Therminol FR fluids have been discontinued effective December 15, 1972. Possible replacement fluids are Therminol 55 or Therminol 66. Literature covering both fluids is attached for your review.

Should you have questions about these conversions or the disposal of your FR-0 fluid please contact me or as directed in the attached discontinuation letter.

Very truly yours,

J. J. Roder
Product Supervisor
Heat Transfer Fluids
