Subject

Dear Dr. Bishop:

Enclosed is a copy of a letter received today from
Dr. Schepers of Saranac Laboratory.

Wish you would read this and give me your thoughts with
regard to its contents.

This is certainly not what I had in mind when I asked
Dr. Schepers to give us a letter incorporating favorable statements
based upon past experiments with Fiberglas in the laboratory.
I personally do not like the general tenor of this letter. It
is certainly nothing that we could show customers or a union.
