Dear Miss Hannan:

I am sending under separate cover the samples of Aroclor 1221 and Aroclor 1242 you requested in your letter dated September 27.

Our work on the biodegradation of polychlorinated biphenyls continues. I regret I do not have finished data to share with you But I have attached a copy of our status report on this work. I hope you find this information useful.

If I can be of further service please let me know.

Sincerely,
