Light Woodwork Cheers

REMEMBER the home of your childhood days with its dark woodwork and somber furnishings? What a different atmosphere is found in the home today with its gleaming enameled woodwork that radiates cheer to the family and a welcome to its guests.

BASS-HUETER
Gold Seal Enamel

will lend atmosphere to your home. The choice of white, old ivory or French gray in either gloss or egg-shell finish gives opportunity for expressing your individuality.

If you are planning a new home, or if your woodwork needs refinishing, Gold Seal Enamel offers a world of possibilities to you. You can plan a *real living room* with French gray woodwork, the daintiest of bedrooms with old ivory, while in the kitchen or bathroom, the white will give you a perfect porcelain finish without the cost of tiling.

Every can of Gold Seal Enamel has full instructions for using. By following them you will enjoy doing some of the work yourself. Our contracting department will be glad to furnish you with suggestions and estimate on the finishing of the more important rooms.

Our booklet "Paint Facts" or "The Way to Beautiful Homes" will be sent you on request. It tells how other BASS-HUETER Paints and Varnishes can be used to beautify the home.

"Save the surface and you save all"
