How To Dispose Of Therminol FR

If leakage does occur, collect the fluid and place it in drums. You may return the fluid to Monsanto for disposal. Or you may have the fluid reconditioned.

DISPOSAL: Return the drums, prepaid, to:

Monsanto
W. G. Krummrich Plant
Sauget, Illinois
ATTN: Supervisor, Department 245

(A) Please advise your Monsanto fluid specialist that material is being returned for disposal so the proper papers can be prepared. The charge for this disposal is a nominal charge for this disposal service.

RECONDITIONING: Therminol FR can be easily and quickly reconditioned for re-use. Your Monsanto fluid specialist can refer you to an approved reclaimer.

(B) Your investment in a heating system using Therminol FR fire-resistant fluid shows you care about safety; safety for personnel and equipment. The above suggestions are made to help you keep your system leak-free and protect this valuable investment.

If you have any questions about fluid leakage, disposal or reconditioning, please contact your Monsanto fluid specialist.

within certain limits on moisture, acid number, viscosity and contaminants
