Dear Lou:

In further reference to the subject of asbestos and the New York International Meeting on asbestos, I am sending you several letters from Dr. Tom Mancuso.

These have particular reference to your plant and operations, as well as to the future use and sale of your asbestos products.

If you would like to confer further with Dr. Mancuso or to subscribe to his services in any way in the next few months, you will note that we should make arrangements as soon as possible. I plan to be in Cincinnati sometime in the next few weeks, and I will call on you to discuss it with you further. In the meantime, if you have any comments or ideas, please advise me.

Yours very truly,

John T. Cantlon
