RE: Asbestos Victims of America

Gentlemen or Mesdames:

Asbestos Victims of America (AVA) is a nationally based non-profit corporation dedicated to the support of asbestos victims and preventing the exposure of future generations to the disabling health effects of asbestos. Part of our role is to serve as an information/resource center on asbestos. Enclosed you will find a list of asbestos substitute materials which contain products, some of which are manufactured by your company. AVA sends this list to private organizations, government bodies and concerned members of the public interested in eliminating potential liability arising from the use of asbestos containing products.

We request your financial support to enable us to continue to sustain our organization. We feel your financial support is not only beneficial to AVA and the public we serve, but also to your company for the following reasons:

1. AVA is educating the public to the dangers of asbestos products that are presently being sold, and products that have already been installed in homes, schools and work places;
2. AVA is a source of information for asbestos substitute products;
3. AVA is dedicated to the eradication of disease engendering asbestos products nationwide;

It was once a tradition for death nobces to carry a black border

ASBESTOS CAUSES INJURY AND DEATH

RE: Asbestos Victims of America

August 7, 1984

4. Contributions to AVA are tax deductible; and

5. AVA is a national support center for asbestos victims, i.e., referring victims to qualified medical and legal experts, moral support, etc.

Again, your support is instrumental in the survival of our organization. Should you have any questions or desire further information, please contact me.

Yours very truly,

Jim Vermulen

Fact Sheet

P.S. I will be arriving in Chicago on October 12, 1984 to speak before the National Safety Council on October 16. Should your schedule permit, I would welcome a personal meeting with you. Please contact me at the American Congress Hotel, Chicago, or call AVA Headquarters to arrange a convenient time.
