RE: Request for Generator Status Change, Abex Corporation Atlanta, Georgia GAD000603951

Dear Mrs. Neal:

This will acknowledge receipt of your request for a change in status from that of Small Quantity Generator to Non-Handler of hazardous waste.

Based on the information provided, the change is warranted and your notification has been rescinded. Should you generate a regulated volume of hazardous waste during any calendar month in the future, Section 391-3-11-.04, paragraph (3), of Georgia's Rules for Hazardous Waste Management, requires that you notify this Division within 30 days of commencing such generation by completing EPA Form 8700-12, Notification of Hazardous Waste Activity. Please be advised that failure to file a required notification may result in the imposition of civil penalties.

If further clarification is needed on this matter, please feel free to contact Jack Dempsey at (404) 656-7802.

Sincerely,

for Jennifer R. Kaduck
