BROADCAST LETTER DATED OCTOBER 16, 1974 ENTITLED "THE USE OF ASBESTOS AS A THIXOTROPE IN DERAKANE® APPLICATIONS"

In this internal broadcast, I took certain liberties in the interpretation of data presented by Mr. J. Meyers of Union Carbide. Please discontinue any further reference to my broadcast. A substitute statement which acceptably represents Union Carbide's position is attached. My apologies for the confusion.

Best regards,

R. C. Simon
