SUBJECT TEST OF HIGHER TOLUENE LEVELS IN BENZENE FOR BIPHENYL

REFERENCE Memo - VRH to HES et al, 3/14/74

cc K. E. Boucher
G. L. Johnson
A. E. Leisy
W. R. Richard - T3A
J. R. Savage - B2SL

TO : Mr. V. R. Haupt
Anniston

Per our phone conversation, WGK will need documentation of methyl-biphenyl levels in tank car shipments to WGK. This data is needed to determine effect of higher toluene in benzene on Aroclor quality.

Please transmit data to Gary Johnson, Aroclor Department Supervisor.
