NMC 4871 W - FIRST AID MEDICAL SERVICE

Safety and First Aid Medical Services receive intensive and prior consideration in the Construction Projects undertaken by our Company. Medical First Aid Service is available for your personnel employed at this site. This service will be made available on a no charge basis.

If you desire to avail yourselves of this service, please sign, have notarized, and return two copies of the attached agreement of indemnification.

As our Medical Section is set up to render first aid treatment only, it is further requested that you supply your site representative with a list of doctors, hospitals and ambulance services, in the event it becomes necessary to send your men off the plant for additional medical treatment.

Very truly yours,
