Gentlemen:

Please refer to our letter of May 1, 1969, stating that in accordance with our responsibility under the laws of our State, we have been requested to evaluate what, if any, hazards might be involved in the use of your product Pydraul #150.

In order to comply with this request, it is necessary that you furnish us with the chemical composition of this product, including the recognized chemical names and their percentages. This information will not be divulged in such a manner as to jeopardize trade secrets or patent rights.

We will sincerely appreciate your co-operation in this matter.

Very truly yours,
