Mr. M. J. Messel

The following appropriations were approved at the meeting of the Advisory Committee held September 1, 1976:

CAPCO New York No. 3974 Plant No. CAR-221	Mandrels and Allied Equipment. Necessary for CAPCO to manufacture sewer pipe and fittings.	$ 160,000
CAPCO New York No. 3975 Plant No. CAR-225	Purchase and install a "Wet" Saw. Will eliminate asbestos dust condition and reduce costs by extending saw life.	$ 60,000
CAPCO New York No. 3976 Plant No. CAR-226	Purchase 12 Autoclave Cars for Ragland Plant. Necessary to reduce the amount of labor expended for "pile-off" of cured pipe and to provide autoclave trays maintaining service of pipe machine.	$ 24,000
CAPCO New York No. 3977 Plant No. CAR-230	Safety Equipment. Necessary to meet OSHA requirements.	$ 16,000
CAPCO New York No. 3978 Plant No. CAR-231	Chemical Spray System for Pipe Machine. Will accelerate "early set" of thin wall irrigation and sewer pipe.	$ 5,500
