CONDITIONS (Continued)

3. Financial Responsibility Laws. When this policy is certified as proof of financial responsibility for the future under the provisions of any motor vehicle financial responsibility law, such insurance as is afforded by this policy for bodily injury liability or for property damage liability shall comply with the provisions of such law to the extent of the coverage and limits of liability required by such law. The insured agrees to reimburse the company for any payment made by the company which it would not have been obligated to make under the terms of this policy except for the agreement contained in this paragraph.

4. Insured's Duties in the Event of Occurrence, Claim or Suit. (a) In the event of an occurrence, written notice containing particulars sufficient to identify the insured and also reasonably obtainable information with respect to the time, place and circumstances thereof, and the names and addresses of the injured and of available witnesses, shall be given by or for the insured to the company or any of its authorized agents as soon as practicable.

(b) If claim is made or suit is brought against the insured, the insured shall immediately forward to the company every demand, notice, summons or other process received by him or his representative.

(c) The insured shall cooperate with the company and, upon the company's request, assist in making settlements, in the conduct of suits and in enforcing any right of contribution or indemnity against any person or organization who may be liable to the insured because of injury or damage with respect to which insurance is afforded under this policy; and the insured shall attend hearings and trials and assist in securing and giving evidence and obtaining the attendance of witnesses. The insured shall not, except at his own cost, voluntarily make any payment, assume any obligation or incur any expense other than for first aid to others at the time of accident.

5. Action Against Company. No action shall lie against the company unless, as a condition precedent thereto, there shall have been full compliance with all of the terms of this policy, nor until the amount of the insured's obligation to pay shall have been finally determined either by judgment against the insured after actual trial or by written agreement of the insured, the claimant and the company.

Any person or organization or the legal representative thereof who has secured such judgment or written agreement shall thereafter be entitled to recover under this policy to the extent of the insurance afforded by this policy. No person or organization shall have any right under this policy to join the company as a party to any action against the insured to determine the insured's liability, nor shall the company be impleaded by the insured or his legal representative. Bankruptcy or insolvency of the insured or of the insured's estate shall not relieve the company of any of its obligations hereunder.

6. Other Insurance. The insurance afforded by this policy is primary insurance, except when stated to apply in excess of or contingent upon the absence of other insurance. When this insurance is primary and the insured has other insurance which is stated to be applicable to the loss on an excess or contingent basis, the amount of the company's liability under this policy shall not be reduced by the existence of such other insurance.

When both this insurance and other insurance apply to the loss on the same basis, whether primary, excess or contingent, the company shall not be liable under this policy for a greater proportion of the loss than that stated in the applicable contribution provision below:

(a) **Contribution by Equal Shares.** If all of such other valid and collectible insurance provides for contribution by equal shares, the company shall not be liable for a greater proportion of such loss than would be payable if each insurer contributes an equal share until the share of each insurer equals the lowest applicable limit of liability under any one policy or the full amount of the loss is paid, and with respect to any amount of loss not so paid the remaining insurers then continue to contribute equal shares of the remaining amount of the loss until each such insurer has paid its limit in full or the full amount of the loss is paid.

(b) **Contribution by Limits.** If any of such other insurance does not provide for contribution by equal shares, the company shall not be liable for a greater proportion of such loss than the applicable limit of liability under this policy for such loss bears to the total applicable limit of liability of all valid and collectible insurance against such loss.

7. Subrogation. In the event of any payment under this policy, the company shall be subrogated to all the insured's rights of recovery therefor against any person or organization and the insured shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The insured shall do nothing after loss to prejudice such rights.

8. Changes. Notice to any agent or knowledge possessed by any agent or by any other person shall not effect a waiver or a change in any part of this policy or estop the company from asserting any right under the terms of this policy; nor shall the terms of this policy be waived or changed, except by endorsement issued to form a part of this policy, signed by a duly authorized officer or representative of the company.

9. Assignment. Assignment of interest under this policy shall not bind the company until its consent is endorsed hereon; if, however, the named insured shall die, such insurance as is afforded by this policy shall apply (1) to the named insured's legal representative, as the named insured, but only while acting within the scope of his duties as such, and (2) with respect to the property of the named insured, to the person having proper temporary custody thereof, as insured, but only until the appointment and qualification of the legal representative.

10. Three Year Policy. If this policy is issued for a period of three years any limit of the company's liability stated in this policy as "aggregate" shall apply separately to each consecutive annual period thereof.

11. Cancelation. This policy may be canceled by the named insured by surrender thereof to the company or any of its authorized agents or by mailing to the company written notice stating when thereafter the cancelation shall be effective. This policy may be canceled by the company by mailing to the named insured at the address shown in this policy written notice stating when not less than ten days thereafter such cancelation shall be effective. The mailing of notice as aforesaid shall be sufficient proof of notice. The time of the surrender or the effective date and hour of cancelation stated in the notice shall become the end of the policy period. Delivery of such written notice either by the named insured or by the company shall be equivalent to mailing.

If the named insured cancels, earned premium shall be computed in accordance with the customary short rate table and procedure. If the company cancels, earned premium shall be computed pro-rata. Premium adjustment may be made either at the time cancelation is effected or as soon as practicable after cancelation becomes effective, but payment or tender of unearned premium is not a condition of cancelation.

12. Declarations. By acceptance of this policy, the named insured agrees that the statements in the declarations are his agreements and representations, that this policy is issued in reliance upon the truth of such representations and that this policy embodies all agreements existing between himself and the company or any of its agents relating to this insurance.

COVERAGE PART 19—OWNERS' AND CONTRACTORS' PROTECTIVE LIABILITY INSURANCE
COVERAGE FOR OPERATIONS OF DESIGNATED CONTRACTOR

I. Coverage A—Bodily Injury Liability Coverage B—Property Damage Liability

The company will pay on behalf of the insured all sums which the insured shall become legally obligated to pay as damages because of

A. bodily injury or B. property damage

to which this policy applies, caused by an occurrence and arising out of (1) operations performed for the named insured by the contractor designated in the declarations at the location designated therein, or (2) acts or omissions of the named insured in connection with his general supervision of such operations; and the company shall have the right and duty to defend any suit against the insured seeking damages on account of such bodily injury or property damage, even if any of the allegations of the suit are groundless, false or fraudulent, and may make such investigation and settlement of any claim or suit as it deems expedient, but the company shall not be obligated to pay any claim or judgment or to defend any suit after the applicable limit of the company's liability has been exhausted by payment of judgments or settlements.

Exclusions

This policy does not apply:

(a) to liability assumed by the insured under any contract or agreement except an incidental contract, but this exclusion does not apply to a warranty that work performed by the designated contractor will be done in a workmanlike manner;

(b) to bodily injury or property damage occurring after

(1) all work on the project (other than service, maintenance or repairs to be performed after completion) to be performed by or on behalf of the named insured at the site of the covered operations has been completed, or

(2) that part of the designated contractor's work out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project;

(c) to property damage arising out of any act or omission of the named insured or any employee, other than general supervision of work performed for the named insured by the designated contractor;

(d) to any obligation of the insured or any carrier as his insurer under any workmen's compensation, unemployment compensation or disability benefits law, or under any similar law;

(e) to bodily injury to any employee of the insured arising out of and in the course of his employment by the insured, but this exclusion does not apply to liability assumed by the insured under an incidental contract;

(f) to property damage to

(1) property owned or occupied by or rented to the insured,

(2) property used by the insured,

(3) property in the care, custody or control of the insured or as to which the insured is for any purpose exercising physical control, or

(4) work performed for the insured by the designated contractor

(g) to bodily injury or property damage due to war, whether or not declared, civil war, insurrection, rebellion or revolution or to any act or condition incident to any of the foregoing, with respect to

(1) liability assumed by the insured under an incidental contract, or

(2) expenses for first aid under the Supplementary Payments provision of the policy.

II. Persons Insured

Each of the following is an insured under this policy to the extent set forth below:

(a) if the named insured is designated in the declarations as an individual, the person so designated;

(b) if the named insured is designated in the declarations as a partnership or joint venture, the partnership or joint venture so designated and any partner or member thereof but only with respect to his liability as such;

(c) if the named insured is designated in the declarations as other than an individual, partnership or joint venture, the organization so designated and any executive officer, director or stockholder thereof while acting within the scope of his duties as such; and

(d) any person (other than an employee of the named insured) or organization while acting as real estate manager for the named insured.

III. Limits of Liability

Regardless of the number of (1) insureds under this policy, (2) persons or organizations who sustain bodily injury or property damage, or (3) claims made or suits brought on account of bodily injury or property damage, the company's liability is limited as follows:

Coverage A—The limit of bodily injury liability stated in the declarations as applicable to "each person" is the limit of the company's liability for all damages because of bodily injury sustained by one person as the result of any one occurrence; but subject to the above provision respecting "each person", the total liability of the company for all damages because of bodily injury sustained by two or more persons as the result of any one occurrence shall not exceed the limit of bodily injury liability stated in the declarations as applicable to "each occurrence".

Coverage B—The total liability of the company for all damages because of all property damage sustained by one or more persons or organizations as the result of any one occurrence shall not exceed the limit of property damage liability stated in the declarations as applicable to "each occurrence".

Subject to the above provision respecting "each occurrence", the total liability of the company for all damages because of all property damage to which this coverage applies shall not exceed the limit of property damage liability stated in the declarations as "aggregate". If more than one project is designated in the schedule, such aggregate limit shall apply separately with respect to each project.

Coverages A and B—For the purpose of determining the limit of the company's liability, all bodily injury and property damage arising out of continuous or repeated exposure to substantially the same general conditions shall be considered as arising out of one occurrence.

IV. Additional Definition

When used in reference to this insurance

"**work**" includes materials, parts and equipment furnished in connection therewith.

V. Policy Period; Territory

CONTRIBUTORY DIVIDEND ENDORSEMENT

The insured under this policy shall be entitled to receive such refunds of unabsorbed premium (herein called dividend) as shall be determined in the absolute discretion of the Board of Directors under the contributory dividend plan adopted by the Board of Directors and which may be in effect and applicable to this policy and to such policies as are indicated below. The contributory dividend plan is one under which premium earnings in excess of requirements of losses, expenses, reserves and surplus additions are apportioned to the policyholders who are entitled under the rules of the company to participate therein.

It is mutually agreed that the dividend valuation period and procedure indicated below by "X" shall apply:

☐ - **1. One Year Plan—Preliminary Determination and Redetermination Agreement**
The initial determination of dividend apportionment shall be made by the company approximately six months following termination of the policy. Such determination shall be deemed preliminary and shall be subject to not less than one and not more than three redeterminations, each to be made by the company at approximately twelve month intervals following the initial determination. The first such redetermination at which all claims have been closed or, on the basis of the total losses from closed claims no dividend would be earned, shall be final. In no event shall more than three redeterminations be made unless within forty-five days after promulgation by the company of the dividend apportionment resulting from the third redetermination, the insured requests a further redetermination and executes with the company a redetermination agreement therefor.

☐ - **2. Three Year Plan—Preliminary Determination and Redetermination Agreement**
The dividend shall be determined on a cumulative basis, encompassing all policies for the insured subject to cumulative dividend treatment which are effective on or after_____ and terminating on or before_____
The initial determination of dividend apportionment shall be made by the company approximately six months following termination of the final policies which are combined for dividend purposes. Such determination shall be deemed preliminary and shall be subject to not less than one and not more than three redeterminations, each to be made by the company at approximately twelve month intervals following the initial determination. The first such redetermination at which all claims have been closed or, on the basis of the total losses from closed claims no dividend would be earned, shall be final. In no event shall more than three redeterminations be made unless within forty-five days after promulgation by the company of the dividend apportionment resulting from the third redetermination, the insured requests a further redetermination and executes with the company a redetermination agreement therefor.

☒ - **3. Three Year Plan—Preliminary and Annual Interim Apportionment and Redetermination Agreement**
The dividend shall be determined on a cumulative basis, encompassing all policies for the insured subject to cumulative dividend treatment which are effective on or after OCTOBER 1, 1971 and terminating on or before OCTOBER 1, 1974
Preliminary and subsequent apportionment of dividend shall be determined by the company annually at approximately six months following each annual anniversary of OCTOBER 1 and shall be subject to not less than one and not more than three redeterminations, each to be made by the company at approximately twelve month intervals following the third annual determination. The first such redetermination at which all claims have been closed or, on the basis of the total losses from closed claims no dividend would be earned, shall be final. In no event shall more than three redeterminations be made unless within forty-five days after promulgation by the company of the dividend apportionment resulting from the third redetermination, the insured requests a further redetermination and executes with the company a redetermination agreement therefor.

It is also mutually agreed that if any dividend so determined is greater than the dividend previously apportioned, the company shall immediately pay to the insured the additional dividend shown to be due. Whereas, if such dividend is less than the previous dividend, the insured shall immediately refund to the company the amount by which the previous dividend exceeds such dividend.

It is also mutually agreed that for the purpose of determining the dividend under this plan:

1. The incurred losses resulting from a single accident shall be limited to $ 100,000. (absence of a typed entry means not applicable).
2. The following policies indicated by policy numbers shall be combined with the policy to which this endorsement is attached (absence of a typed entry means not applicable):
