May 5, 194[illegible]

Dr. Wayne L. Fitter,
Bureau of Industrial Hygiene,
State Department of Health of Kentucky,
620 South Third Street,
Louisville 2, Kentucky.

Dear Dr. Fitter:

In the absence of Dr. Kehoe from the Laboratory on some special work which will occupy him for an indefinite period, he has asked that I return the manuscript submitted for the program of the meeting of the American Industrial Hygiene Association.

Inasmuch as the meeting has been cancelled the papers offered for the program can still be brought to the attention of its membership through publication. Each person who has offered a paper should exercise his right to publish it where and when he chooses. However, if the Industrial Hygiene Association can be of any assistance, it will be glad to do so through its Editorial Committee. Should you choose to submit your paper for publication in its present or revised form, you will be well advised to forward it to

Mr. Warren A. Cook, Chairman,
Publication and Editorial Committee,
Zurich General Accident and Liability Insurance Co.,
135 South La Salle Street,
Chicago, Illinois,

who will see that it is submitted for consideration to one or the other of the Journals of Medicine or the Journal of Industrial Hygiene and Toxicology.

Very truly yours,

E. F. Fortlage, Secretary to
Dr. Kehoe

EF
