Subject: Citation(s) for Alleged Occupational Safety and Health Violation(s)

An inspection of a place of employment under your operation, ownership, or control has resulted in the enclosed citation(s) which describes alleged violations of the Minnesota Occupational Safety and Health Act of 1973. These conditions must be corrected on or before the date shown on the right of each of the alleged violations and proposed penalties must be paid to the Minnesota Department of Labor and Industry within fifteen working days (exclusive of Saturdays, Sundays and official State holidays) from the receipt of this citation, unless you contest the citation.

The Act requires that a copy of the enclosed citation(s) and proposed penalty(ies) be prominently posted at or near each place a violation referred to in the citation occurred. It must be posted immediately upon receipt and must remain posted until all violations cited therein are corrected, or for 15 days, whichever period is longer.

You have the right to contest any or all parts of either the citation(s) or the proposed penalty(ies) or both before the Occupational Safety and Health Review Board, an independent quasi-judicial agency. If you wish to contest, you must submit a letter to the Director of the Occupational Safety and Health Division within fifteen working days from receipt of this citation.

Alleged violations that are not contested shall be corrected and penalty(ies) paid within the abatement period specified in the citation. A follow-up inspection may be made for the purpose of ascertaining that the employer has posted the citation(s) as required by the Act and corrected the alledged violations. Failure to correct an alleged violation within the abatement period may result in further proposed penalties for each day the alleged violation has not been corrected.

Correction of alleged violations which have an abatement period of thirty days or less shall be reported in writing to the Director no later than the latest abatement date (of thirty days or less) for all such violations. Reports of corrections should show specific corrective action on each such alleged violation and the date of such action. On alleged violations having an abatement date of more than thirty days, a written progress report shall be submitted each thirty days or as indicated on the progress report form. The progress report should detail what has been done, what remains to be done and the time needed to fully abate each such violation. When the alleged violation is fully abated, the Director shall be so advised. The Act provides that whoever knowingly gives false information is subject to a fine up to $20,000, imprisonment up to 6 months, or both (Minn. Stat. 182.667 subd. 1).

If you require clarification concerning the results of the inspection or any additional information, please direct your correspondence to the Director of the Occupational Safety and Health Division. Such request cannot extend the fifteen working day period allowed for filing a notice of contestation.

This Citation describes alleged violations of the Minnesota Occupational Safety and Health Act of 1973. The proposed penalties listed below are based on these alleged violations. You must correct the alleged violations referred to in this Citation by the date listed below and pay the penalties proposed unless within 15 working days (excluding weekends and legal holidays) from your receipt of this Citation you mail a letter of contest to the Deputy Commissioner at the address shown above. You have the right to contest any or all parts of either the citation(s) or the proposed penalty(ies), or both, before the Occupational Safety and Health Review Board. The Review Board is an independent quasi-judicial agency with authority to issue decisions regarding citations and proposed penalties. If you wish to contest, you must submit a letter to the Deputy Commissioner at the address shown above within 15 working days after receipt of the certified mail notice regarding proposed penalty(ies). If you choose not to contest the citation and penalty(ies), they shall be deemed to be a final order of the Review Board and shall not be subject to review by any court or agency.

Payment of all penalties shown is to be made by check or money order payable to the order of "Minnesota Department of Labor and Industry." Payment of penalties should be remitted to the Occupational Safety and Health Division at the address shown within 15 working days following receipt of this notice.

MS § 182.666, subdivision 7 of the Act states: "Fines imposed under this act shall be paid to the Commissioner for deposit in the general fund and may be recovered in a civil action in the name of the department brought in the district court of the county where the violation is alleged to have occurred or the district court where the Commissioner has an office."

The law requires that a copy of this citation shall be prominently posted at or near each place that an alleged violation referred to in the citation occurred. The citation must remain posted until all alleged violations cited therein are corrected, or for 15 days, whichever is longer.

RIGHTS OF EMPLOYEES

Any employee or representative of employees who wishes to contest the citations, the type of violation or the proposed penalty, or who believes that any period of time fixed in this citation for the correction of a violation is unreasonable, has the right to contest any or all of these matters by submitting a letter to the Deputy Commissioner of the Department of Labor and Industry at the address shown above within 15 working days of the issuance of this citation.

No employee shall be discharged or in any way discriminated against because such employee has filed any complaint or instituted or caused to be instituted any proceeding or inspection under or related to this Act or has testified or is about to testify in any such proceeding or because of the exercise by such employee on behalf of himself or others of any right afforded by this Act. Section 5 subd. 9 of the Minnesota Occupational Safety and Health Act of 1973.

Under the Minnesota Occupational Safety and Health Act the term "Working Day" means Mondays through Fridays but does not include Saturdays, Sundays or State Holidays.
