Mr. August R. Hempel
Monsanto Chemical Company
520 North Michigan Avenue
Chicago 11, Illinois

Dear Mr. Hempel:

We have your letter of September 4 furnishing information concerning the composition of Monsanto's Aroclor 1254 and Aroclor 5460 which are present as components in coating materials prepared by TK Products, Inc., Minneapolis, Minnesota, for treating concrete floors in federally inspected meat packing establishments.

On the basis of the information furnished, Aroclor 1254 and Aroclor 5460 are considered acceptable for inclusion in preparations intended for the proposed purpose. We have notified Mr. Paul P. Stock, TK Products, Inc., accordingly.

Sincerely yours,

R. H. Philbeck
