WHY ARE MORE KITCHENS PAINTED WITH KEM-GLO THAN WITH ANY OTHER ENAMEL?

There is no other enamel like Kem-Glo! It flows on easily with brush or roller. Dries to a smooth, beautiful finish that looks and washes like *baked* enamel. Cooking spatters, beverage stains, fingermarks easily wash off. The finish *stays* beautiful. Needs no undercoater. You can choose from hundreds of decorator colors. For kitchens, bathrooms and woodwork throughout the home, Kem-Glo is the finest enamel you can buy.
