

July 8, 1963

Monsanto Chemical
800 N. Lindbergh Blvd.
Wilmington 99, Delaware

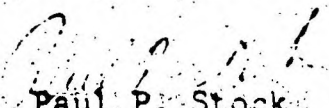

Gentlemen:

This Company is endeavoring to have its product TRI Kote, a chlorinated rubber epoxy concrete treatment, approved by the U.S. Department of Agriculture for use in food and meat processing establishments. We wrote to you on June 11, 1963, enclosing a copy of a request from the Department of Agriculture asking for composition of certain components used in our formula- Arochlar 1254 and Arochlar 5460.

If you prefer, forward the information requested directly to Mr. R. H. Philbeck, Chief Staff Officer for Chemical Evaluation and Control, USDA, Agricultural Research Service, Meat Inspection Division, Washington 25, D. C. All information will be kept in strict confidence.

May we please have your cooperation, so that this approval can be granted.

Very truly yours,

Paul P. Stock
General Manager
