Dear Ryan,

Thank you for taking the time out of your day yesterday to meet with me, regarding the position we discussed. It seems like there are definitely issues that need to be addressed in the current situation at EPA, as it relates to intelligence matters that directly impact your Agency. By addressing and fixing these issues, I'm sure it will enhance the overall effectiveness of security and compliance at EPA.

In addition, it is apparent that relationships with EPA and the other Investigative/Intelligence components in other Government Agencies (DHS, Interior, Energy) need to have the "reset" button pressed, as well.

I have forwarded my updated resume to Kevin. I look forward to talking with you again in the very near future.

V/R,

Eddie D.

Well actually would a day this weekend work in the alternative? The Administrator will be in town this weekend and he likes to begin his week's early.

Dear Ryan:

This has been a crazy week. However, I would be able to speak over the weekend or any day next week.

Let me propose that we plan for 7:30 am on next Monday.
