PLAINTIFF'S EXHIBIT 8

Dear Jon:

Attached is the information on the Asbestosis School sponsored by the City University of New York. Let me know as soon as you can whether or not you are going to attend. If you decide against it, then I'll have to decide whether or not I will represent our company.

John Vyverberg

Enclosure

3/30/70

① Talked by phone w JV today & indicated it would be unwise for either of us to attend for following reasons
a) The meeting will be a giant propaganda exercise
b) It will be directed only to asbestos
c) It will be for physicians & industrial hygienists only
d) Attendance would give tacit approval to Selikoff

② JV agreed that attendance would be unwise
