Subject: Status Inquiry: FY24 CRISI CDS

CAUTION: This email originated from outside of the Department of Transportation (DOT). Do not click on links or open attachments unless you recognize the sender and know the content is safe.

Hi Hannah – thanks so much for the call yesterday and being willing to share the information on the BUILD program. Apologies for the Friday late afternoon email.

Can you help us track down a status update on an FY24 CRISI CDS Senator Moran secured on behalf of the Port Authority of Stafford County? Information on the award is below.

Project Name: Kansas Transload Facility

Location: Stafford County

Award: \$5.3 million

Description: Funds would be used to construct a 3.5 mile rail loop to enable the handling of 110 car unit trains and provide a public port of entry into the rail system.

POC: Carolyn Dunn – cdunn@staffordecodevo.com

It's my understand the grant agreement is moving forward and has been entered into grants solution, which seems to be good progress, though understanding when the disbursement of funds will occur is what we're hoping to learn.

Any information you might be able to track down for us would be greatly appreciated.

Best,
Ashleigh
