SHEDS DIRT...STAYS WHITE...

DU PONT HOUSE PAINT

CLEANS ITSELF!

Outside surfaces stay fresh and clean-looking when finished with Du Pont House Paint. Dirt and grime can't get a grip—rains just wash them away!

SELF-CLEANING Du Pont House Paint is so formulated that, as time goes by, a microscopically fine white powder forms on the surface. Heavy rains wash the powder away, taking dust and dirt with it, and leaving the surface clean and white again. Excessive accumulations of dirt (particularly in sooty industrial communities or in heavily shaded locations) may delay or interfere with this process. Because this "self-cleaning" is gradual, the wearing qualities of the paint film are not abnormally affected.

SELF-CLEANING Du Pont House Paint is as durable as it is beautiful . . . protects against rust, rot, and decay . . . gives *lasting* beauty and protection. Costs no more than ordinary paints—saves repainting bills! Call on a reliable painter for your painting jobs, and ask him to use Du Pont House Paint!

DU PONT
SELF-CLEANING
HOUSE PAINT
now available in popular tints, too.
