Code of Ethics

NATIONAL PAINT, VARNISH AND LACQUER ASSOCIATION, INC.

WE, members of the National Paint, Varnish and Lacquer Association, Inc., recognizing our responsibilities and obligations to promote the public welfare, and to maintain honorable, fair and friendly relations among men, do pledge ourselves:

1. To compete always with fairness and honesty, seeking patronage on merit and service; to refrain from false, derogatory reference, written, oral or printed, to competitors or their products; and from the circulation of harmful rumors regarding such competitors' products or their personal or financial reputation; to strive, by sincere and intelligent cooperation with our competitors, in all lawful ways to increase the efficiency and service to the public of the industry as a whole; to base our advertising exclusively on the merit of our own products and the value of our own service, without false, derogatory reference to the products of competitors or misleading comparisons therewith.
2. To be guided by a spirit of justice, honor and fairness, in all our relations with members of the allied trades, realizing that the standard of ethics maintained in our industry must vitally affect the standard observed in associated industries; to encourage the adoption by the allied trades of similar codes as guides to govern their practices; and to discourage unfair trade practices in those trades, even though such practices might at times be to our own immediate advantage.
3. To represent our products truthfully in advertising, labeling and branding; avoiding therein all false or misleading statements or descriptions.
4. To avoid and actively strive to prevent all forms of commercial bribery or corruption by members of this Association and by the industry in general; and to this end we pledge our support to the Federal Trade Commission in locating and prosecuting individuals guilty of such practices.
5. To recognize the right of employees to use all honorable and reasonable efforts to better their conditions, but to refrain from directly or indirectly soliciting or bidding for the services of the employee of another member.
6. To recognize that only when an employee shall take the initiative shall we have the right to negotiate with such an employee of another member.
7. To refrain from the unethical practice of taking in exchange or in any manner assisting in the exchange of the paints, varnishes or other kindred products of another manufacturer, distributor or dealer
8. To adhere faithfully to the rules of conduct herein set forth and to inspire our fellow members to do likewise, believing that the Golden Rule is the only safe guide of conduct in the relations among men.
9. Any violation of this Code shall be referred by the President of the National Paint, Varnish and Lacquer Association, Inc., to the Executive Committee for consideration and action.

For 84 Years Progress Through Cooperation

The first meeting to organize an association of paint and varnish manufacturers was held at the Grand Union Hotel, Saratoga, New York, on September 11, 1888. There were in existence at that time several paint clubs which were strictly local or regional in scope. Because paint was distributed mainly through drug stores, many paint manufacturers were members of the National Wholesale Drug Association.

The first and oldest paint club was the Paint and Oil Club of New England, organized February 23, 1884. It is still a thriving organization as the New England Paint, Varnish and Lacquer Association. The St. Louis Paint, Varnish and Lacquer Association held its first meeting on December 18, 1886. The first meeting of the Chicago Club was held February 25, 1887. The New York Club was organized February 26, 1887. The Philadelphia Club was organized October 1, 1887 and the Pittsburgh Paint and Drug Club came into being on May 24, 1887. George B. Heckel, in his history of the American paint and varnish industry, "THE PAINT INDUSTRY," calls attention to the fact that the Cincinnati Club also had been organized in 1888.

Delegates of the various paint and oil clubs met in Saratoga and agreed on the organization plan and decided on the name "National Paint, Oil and Varnish Association of the United States."

In the decades following the organization of this association, the manufacturers in the industry, while almost invariably retaining their membership in the National Paint, Oil and Varnish Association, formed separate organizations which developed as follows:

Paint Grinders' Association of the U.S., organized May 8, 1889.

Paint Manufacturers' Association of the U.S. (a change of name by the Paint Grinders' Association) in 1907.

National Varnish Manufacturers' Association, organized November 3, 1903.

American Paint and Varnish Manufacturers' Association, organized October 11, 1926, being a combination of the above two.

Unification of the National Paint, Oil and Varnish Association and the American Paint and Varnish Manufacturers Association was brought about November 1, 1933 at the annual meeting of the industry held in Chicago. New conditions clearly demonstrated the interdependence of the various factors of the industry in cooperating with the Government through a single powerful organization of its own, with maximum prestige and benefit for the individual members and the industry as a whole.

At that time the National Paint, Varnish and Lacquer Association was founded, destined to play a dominant part in the industry's progress. Today, in its splendid Washington headquarters, it is a highly efficient and well regarded organization which renders valuable and varied services to its members.

The paint can supermarket.

Continental Can. The can company that cares with stock and service to offer everyone in the paint industry any container they need.

It's a whole supermarket, filled with the greatest variety of paint, lacquer and varnish cans, pails and aerosol containers in the business.

And in our business service is just as important as variety.

Services that can assure you of a constant supply because of our cross-country network of plants and sales offices. And practices like our money-saving method of mixing sizes and styles in your order to reduce freight charges. Not to mention the wide range of benefits available when you deal with a company like Continental. A company with one of the largest research, consulting and marketing operations in the packaging industry.

For more information contact us. We're here for your shopping convenience.

TENNECO'S FULL
COATINGS CHEMIC

NUODEX® DRIERS

Tenneco manufactures a complete metallic salt drier line consisting of Naphthenates, Nuolates® (tallates), Octoates, and Neosyns® (neodecanoates). Tenneco offers the industry's first and only line of driers with certified content to assure you of dependable, reproducible drying power.

LOSS-OF-DRY INHIBITORS

NUACT® PASTE is the proven loss-of-dry inhibitor (a "feeder" drier) for use in non-aqueous paints.

COBALT 254 — the cobalt based loss-of-dry inhibitor for lead free systems.

ANTI-SKINNING AGENTS

Exkins are pure volatile oximes of proven superior anti-skinning efficiency. Exkin® No. 1 is recommended in oil and oleoresinous coatings. Exkin® No. 2 performs best in alkyd paints, and Exkin® No. 3 is preferred for odorless paints. Guaiacol Special C, a phenolic type for printing inks and dip coatings.

RESIN CHEMICALS

PHTHALIC ANHYDRIDE.
MALEIC ANHYDRIDE.
FUMARIC ACID.
BENZOTEK® BENZOIC ACID.
PENTEK® PENTAERITHRYTOLS.
NUOPLAZ® DBM (Dibutylmaleate)
NUOPLAZ® DOP

FUNGICIDES

Tenneco offers a broad line of special and general application fungicides.

PHENYL MERCURIALS — Super Ad-It® is the proven universal fungicide for both oil and aqueous systems. Other mercurials are PMO-10, PMA-18.

FUNGITROL®11 — a non-toxic powdered organic microbicide especially useful for severe interior non-aqueous paint mildew problems.

COPPER PRESERVATIVE — Tenneco offers a full line of metallic copper compounds: copper naphthenate, copper oleate, and Quindex® (copper-8 quinolinolate).

MIXING AND MILLING AIDS

NUOSPERSE® 657 — the leading wetting and dispersing agent for non-aqueous paints.

NUODEX® NA — a surfactant
sion in vinyl copolymer sol
NUOSPERSE® N SURFACT
factants for aqueous paint
KROMOSPERSE® — a pigmen
pastes compatible with aque

LATEX ANTI-FOAM

Tenneco offers two highly
under the names of Nuodex® A

BODYING A

Tenneco produces several ad
and the prevention of sag and

come on, future, let's go!

At Sherwin-Williams, we're ready now for a future of further growth.

ITEM: We're putting the finishing touches on a $117 million plant construction and modernization program.

ITEM: We've reoriented our organization to a business-area approach, with more decentralization for faster, direct action.

ITEM: We're financially capable of taking advantage of a wide variety of promising opportunities.

The future had better hurry. We're not going to wait.

The Logical Source

for whatever ingredients your coating system needs

Thinners and solvents • Synthetic resins for water and solvent systems • Chemicals • Carbon blacks

Ashland Chemical is the inventive one with 10 research and development centers . . . the one to watch for breakthrough ideas such as these:

- A new, low-odor polyester-epoxy system that creates tile-like surfaces for interior or exterior applications.
- A complete family of solvents and resins that comply with existing air pollution control laws.
- New, extremely durable silicon-ized polyesters that open greater sales opportunities for coil coaters.
- A new and remarkable non-yellowing urethane resin for seamless flooring formulators.

Ashland Chemical is the helpful one. Highly trained, experienced technical service staffs and versatile application laboratories are at your command across the country. A phone call is all it takes to put years of formulation and application know-how to work for you.

Ashland Chemical is the swift one. You get what you want . . . when you want it. 25 manufacturing plants throughout the U.S. . . . 50 distribution centers for bulk and LTL chemicals. And we're also in 14 foreign countries. We're not far from your door wherever you are.

In the coatings business, Ashland Chemical is the logical source for ideas, products, service and delivery. For more information write to: 8 E. Long Street, Columbus, Ohio 43216. ACR-15

You've got two problems when your product's on the dealer shelf. One is you want to get it sold. Two is you want the product to stay as good as it is until it's bought.

Milton can help. Your quality product will look like the better buy it is if it's in a better can. A Milton can in gallon, quart or half-quart size. Your customer sees clean soldered seams, wide mouths for easier use, solid construction. He relates can quality to product quality.

Milton features that help you sell, help you retain product quality
register rings.

Call us. We're can spe
like you. Order a day's
a month's requiremen
load — all sizes of c
single delivery. We're
them all. 53 weeks a y

Help you sell? Milton

NJZ is a better pigment...a

Yes, it is true that by increasing hiding power and tint strength you usually sacrifice stain resistance and scrubbability . . . EXCEPT with NJZ's R-771 titanium dioxide. It's the all-ways pigment in hiding power, scrubbability and stain resistance!

Through advanced manufacturing technology, NJZ HORSE HEAD® TiO_2 offers the paint industry the best pigment property balance in the entire field.

NJZ tests show that R-771 gives you up to 10% more hiding power. This means that, at no additional cost, you can improve your high-hiding paints even more. Or you can retain present hiding power, scrubbability and stain resistance—and reduce raw material costs up to, or better than, 10%.

And for better whiteness and opacity in textile, leather, paper, ink, wall board and other applications, it's NJZ HORSE HEAD R-771—the all-ways better pigment. We've got a new booklet that tells the whole story, so write today for your copy.

And for a fact-filled report on HORSE HEAD zinc oxide, the non-toxic mildewstat, just say the word!

A superior pigment with improved dry hide characteristics for trade sales flat coatings, both latex and solvent type.

CR-813
For high pigment volume concentration coatings from premium quality interior flat latex paints to volume distribution economy flat paints—oil or water based.

CR-820
A maximum durability type excellent for exterior, maximum chalk resistance industrial, trade sales and maintenance finishes.

All five TRONO
combine the re
advantages of c
process titaniun
pigments—clos
controlled parti
excellent opaci
whiteness, high
power and tinti
strength.

For complete te
sales service, w
phone us today.

COOK

. . . is an artist at mastering resin problems!

To solve your product needs, Cook has mastered hundreds of resin formulations of many types. Should your product require yet another resin, Cook chemists from one of the finest coating research centers in the nation will master the problem and formulate a specific resin for you. Cook artistry in the manufacture of resins creates a harmony of resin with coatings that is applauded throughout the industry. Another instrumental part of this is its swift delivery. Cook manufactures a great variety of resins at each of their strategically located plants and distributes them through nine warehouse points. Your resin therefore is available quickly for use in production.

For information about resins and how Cook can serve you better, write for our complete catalog on resins.

PAINT INDUSTRY EDUCATION BUREAU

RICHARD W. JOHNSON, Director

Objectives and Goals

A. To marshal the resources of the coatings industry in the interests of scientific, technical and management education for the benefit of the industry and its personnel, and for advancement of the public welfare.

B. To maintain close liaison with educational institutions, whose students may be encouraged to recognize the coatings industry as a field in which rewarding careers are built on the industry's need for a broad range of interdisciplinary skills.

C. To cooperate with government agencies and with other professional and industry organizations in programs relevant to the educational objectives of the Trustees.

D. To stimulate the industry's exercise of responsibility for self-improvement by its extension of both tangible and moral support of programs for continuing education of present employees.

E. To promote the advancement and adoption of new technology; the application of modern management practices, and the improvement of programs and techniques of education and training of personnel, for the ultimate benefit of the coatings industry, the users of its products, and the public at large.

Under the direction of the Paint Industry Education Trustees, the Bureau is responsible to the entire industry for planning, supervising, and coordinating the industry's educational efforts. The Bureau, sponsored cooperatively by the National Paint, Varnish and Lacquer Association, the Federation of Societies for Paint Technology, and the Canadian Paint Manufacturers' Association, is organized to provide assistance and service to all local industry educational endeavors and to offer leadership in the promotion of educational programs of universal importance.

The efforts of the Bureau, its staff, and the Trustees will be aimed essentially at helping to solve industry problems in manpower recruitment and manpower development.

CHEMICAL COATINGS

JERRY HALL, Director

The Director of the Chemical Coatings Division is responsible for all activities pertaining to Chemical Coatings matters. The Director, in conjunction with the various committees of this Division, promotes the products and the welfare of the members of this segment of the industry. Close cooperation is continued with customer groups to broaden the Chemical Coatings markets and to keep abreast of end users' requirements. The Director plans and coordinates authorized programs and seminar discussions for all committees of the Chemical Coatings Division.

TECHNICAL DIVISION

ROYAL A. BROWN, Director
RICHARD W. MURRY, Assistant Director

The Technical Director is responsible for administration and supervision of all technical, scientific and information activities relative to technical aspects of the paint, varnish and lacquer industry. The Technical Division staff initiates and prepares bulletins, circulars and pamphlets to keep members informed of new technical developments and changes in the industry.

The Technical Division furnishes staff support and consultation to the Executive Vice President, all officers of the Association, the General Counsel, and other Division Directors. The Technical staff edits the work of the Public Relations Division for technical accuracy and develops technical presentations for other organizations whose members use coatings. When joint research and exploratory technical programs with other organizations are approved by the Scientific and Executive Committees, they are supervised and coordinated by the Director and Assistant Director of the Technical Division. Technical Division personnel cooperate with ASTM, SSPC, ANSI and other similar organizations in the development of new and improved test methods for products of the industry.

The Technical Division prepares and publishes Raw Material Indexes, The Guide to Government Paint Specifications and The Abstract Review and maintains liaison with other related scientific groups in connection therewith. The Division is responsible for the activities of nine NPVLA committees, including Scientific, Manufacturing Management, Community Services Steering Committee, Fire Retardant, Loss Prevention, Industry Suppliers and Joint Coatings - Forest Products Committees.

ENVIRONMENTAL SPECIALISTS

FRANCIS SCOFIELD
DANIEL S. RING

Francis Scofield, former NPVLA Vice President-Technical Affairs; and Daniel S. Ring, former NPVLA General Counsel, were retained for the year 1971 as environmental specialists. The arrangement was worked out pursuant to a recommendation of the Community Services Steering Committee with respect to air pollution matters.

The resolution pointed out that the implementation of the Air Quality Act and its amendments will impact heavily upon the coatings industry during 1971 and 1972 when states will be establishing and implementing standards for oxidant levels. The basic purpose was to focus attention on both state and federal levels with respect to proposed standards, public hearings, and legislative proposals on air pollution. The responsibilities under the contract involve the following: (1) The collection of information on the subject, time and place of public hearings on the establishment of standards in various states; (2) The distribution of such information promptly to members that would be affected by such standards; (3) The marshaling of information on the nature of the bodies holding the hearings so as to determine what type of witness would be most effective; (4) Insofar as is possible, with respect to states having substantially similar problems, preparation of model legislation or regulations which will ultimately be offered by witnesses at the hearing on standards for air quality, with particular attention to states that will be the leaders in the promulgating and implementing standards; (5) Compilation of a list of possible witnesses from among local associations for testimony concerning matters of direct import to the members of the association affected by the hearing; (6) Procurement and reservation of services of expert witnesses where needed; (7) Publication of a monthly digest of matters relating to hearings, proposals, and other air quality data for the benefit of all local associations; (8) Arranging with designated representatives of local associations to maintain close and direct liaison with the Community Services Steering Committee and its appropriate subcommittees.

The offices for Mr. Scofield and Mr. Ring are located in the headquarters building.

BY-LAWS

of

NATIONAL PAINT, VARNISH AND LACQUER ASSOCIATION, INC.

Organized November 1, 1933
Incorporated December 1, 1933
(Superseding Prior Organizations Dating from 1888)

ARTICLE I

Title

The name of this organization shall be the National Paint, Varnish and Lacquer Association, Inc.

Object

The object of this Association shall be to promote the welfare of this Industry, to strengthen business and fraternal relations among its members, to remove evils and customs contrary to sound business principles and ethics, and to safeguard the interests of the public. The Association shall not directly or indirectly restrict free and lawful competition.

ARTICLE II

Membership

SECTION 1. Membership in this Association shall consist of individuals, companies, firms or corporations who are manufacturers of paints, varnishes, lacquers, chemical coatings, water paints and kindred products, such as but not limited to shellac varnishes, removers, thinners, stains, fillers, artists' colors, roof coatings, caulking and glazing compounds and putty; and manufacturers, brokers or importers of materials and equipment used in connection with the manufacture, merchandising or application of paints, varnishes, lacquers, chemical coatings, water paints and related or kindred products.

Regional or City Associations

SECTION 2. Any Regional or City Paint, Varnish and Lacquer Association with five or more members eligible to join the National Paint, Varnish and Lacquer Association, Inc., after subscribing to its By-Laws and Code of Ethics and upon approval of the Board of Directors, may become a member.

Class A and Class B Membership

SECTION 3. Class A membership consists of individuals, companies, firms or corporations who are manufacturers of paints, varnishes, lacquers, chemical coatings, water paints and kindred products, such as but not limited to shellac varnishes, removers, thinners, stains, fillers, artists' colors, roof coatings, caulking and glazing compounds and putty.

Class B membership consists of manufacturers, brokers or importers of materials and equipment used in connection with the manufacture, merchandising or application of paints, varnishes, lacquers, chemical coatings, water paints and related or kindred products, who shall pay dues on their domestic sales of products manufactured or sold by them to this industry.

Those who qualify for both Class A and Class B membership shall determine and report their net domestic sales of paint industry products and their dues classification positions on both the A and B schedules, and shall report their dues obligations as the combined total of dues calculated under both schedules in accordance with definitions, instructions and related information approved by the Executive Committee.

In calculating net domestic sales of Class A and Class B products, members shall

follow the accounting procedures which determine the dollar net sales fig
their profit and loss statements for the last fiscal year, excluding those
cable to the paint industry. Interbranch or interdepartment inventory tr
products or inventory transfers to wholly owned subsidiaries or affiliated
not to be regarded as sales for the purpose of this report. Sales made by
or affiliated companies to others who purchase for use or resale shall b
reporting sales on the consolidated form or such sales may be reported o
and submitted by said subsidiaries or affiliated companies.

The membership dues shall be determined by the Executive Committ
by vote of the membership at the Association's Annual Meeting. The sc
proved shall be placed in the Annual Year Book for the fiscal year(s) invol
no change is made, the schedule of dues approved and printed for the pre
shall be used.

Dues are payable quarterly in advance on the 1st of January, April, J
based on total annual sales reported by the member in accordance with
10, of the By-Laws, as provided for in the following schedules.

SCHEDULE OF "A" MEMBERSHIP DUES

SECTION 4. New members shall pay dues from the date nearest the date of their acceptance into the membership of this Association. Each Class A and Class B member is entitled to one vote at the Association meetings and to receive copies of all publications and circulars of the Association. They are eligible for membership in Regional or City Associations and when elected thereto shall pay the Regional or City Association's dues, but shall not pay any additional National dues.

Canadian Membership

SECTION 5. Canadian membership shall consist of individuals, companies, firms or corporations who are manufacturers of paints, varnishes, lacquers, chemical coatings, water paints and kindred or related products located in Canada. Such individuals, companies, firms, or corporations may become members of the National Paint, Varnish and Lacquer Association, Inc., upon approval of the Board of Directors. They are entitled to receive copies of all publications and circulars of the Association. They shall pay dues in United States funds, or its equivalent, in amounts paid by corresponding classes of Class A members, but not in excess of $250.00. Canadian membership shall also be available to individuals, companies, firms or corporations who are manufacturers in Canada of materials used in the manufacture or application of paints, varnishes, lacquers, chemical coatings, water paints and kindred or related products. Such concerns shall pay dues in United States funds, or its equivalent, in amounts paid by corresponding classes of Class B members, but not in excess of $200.00 per year, and shall be entitled to receive copies of all publications and circulars of the Association.

Application for Membership

SECTION 6. All applications for Class A, Class B and Canadian memberships, after approval by the Chairman of the Membership Committee, shall be referred to the Secretary, who shall submit them at once to the Board of Directors of the Association for action.

SECTION 7. No individual, company, firm or corporation shall be admitted to Class A membership until they have subscribed to the Association's Code of Ethics and signed its agreements relative to Non-Exchange of Products and Anti-Bribery.

Honorary Members

SECTION 8. Any individual who has rendered distinguished service to this industry or to this Association may be elected an Honorary Member by two-thirds vote at any *regular meeting of the Board of Directors.*

Honorary members shall be exempt from all payment of dues.

Expulsion and Resignations

SECTION 9. Expulsion and Resignations: The Board of Directors, at its discretion, may declare forfeited any membership for good and sufficient reasons, or for non-payment of dues that are in arrears six (6) months. Any member *in good standing whose annual* dues are fully paid, may resign upon written notice to the Secretary not less than thirty (30) days in advance of the end of the dues' year.

Annual Dues

SECTION 10. Annual Dues: The fiscal year of this Association shall commence January 1, and end December 31. Dues of Class A, Class B and Canadian members shall be based on such members' total sales for their last fiscal year, which shall be reported as soon as such figures are available after January 1.

Scientific Section Circulars

SECTION 11. Scientific Section Circulars: Scientific orga abroad, and foreign manufacturers of paints, varnishes, lacq water paints and kindred or related products, may receive the S on payment of $150.00 per annum.

ARTICLE III

Officers

SECTION 1. The officers of the Association shall consist President, seven (7) Regional Vice Presidents, a Treasurer, a Se Vice President.

SECTION 2. *The President shall be elected by the member* Class A members for one (1) year or until his successor is elec shall serve without compensation.

SECTION 3. The Vice President shall be elected by the me from Class A members for one (1) year or until his successor is elec

SECTION 4. Seven (7) Regional Vice Presidents shall be el the Association from Class A or Class B members, one from eac as designated in Article XVII. They shall be elected for one (1) sors shall be elected and shall qualify.

SECTION 5. Treasurer: The Treasurer shall be elected by th ciation from Class A members for one (1) year or until his succ *qualify.*

SECTION 6. Secretary: There shall be a Secretary of the A elected or appointed by the Board of Directors for one (1) year elected and shall qualify.

SECTION 7. Honorary Officers: Other offices of honorar, ch upon any member by the unanimous vote of the Board of Directors

Upon application, such report shall be furnished as edited and approved by the Press Relations Committee to any or all of the trade papers, press, radio and television.

SECTION 12. Arbitration Committee: The Chairman of the Executive Committee shall appoint annually an Abitration Committee consisting of six (6) members of the Association. All members are cordially invited in cases of dispute, to avail themselves of the services of this Committee and thus avoid the unnecessary expenses, delay and ill-feeling of litigation.

Rules and Procedure for Arbitration:

1. When requesting an arbitration, the parties shall forward immediately to the Chairman of the Arbitration Committee their written agreement to abide by the decision of the Arbitration Committee. They shall deposit with the Treasurer of the National Paint, Varnish and Lacquer Association, Inc., a sum of money designated to defray the expenses of the Committee on Arbitration, including traveling expenses to the place where hearing is to be held and all expenses incident to the hearing. The amount of this deposit in excess of such expenses will be returned pro-rata. If first deposit is insufficient, the parties to the controversy shall pay the additional amount, same to be divided equally between them.

2. When the parties to the controversy have complied with Rule 1, the Chairman of the Arbitration Committee shall confer with his associates and fix a time and place where the arbitration meeting is to be held and notify both parties.

3. Unless otherwise agreed between the parties of the controversy, each party shall submit to the Arbitration Committee his side of the case in form of a typewritten statement, which shall present his position and contain his arguments in support of same and cite any precedents bearing on the case. This shall be accompanied by original papers or exhibits referred to in the statement.

4. No person shall sit as a member of the Arbitration Committee at a hearing who is interested in any manner in the subject matter of the dispute or who has previously expressed an opinion on the merits of the particular controversy or who would be subject to any common law disqualification of a judge to hear and determine such controversy.

5. A majority of the members of the Arbitration Committee shall be present to constitute a quorum empowered to hear and determine the matter in dispute, and such majority may, if it desires, select substitutes for other members of the Committee who are unable to attend. Such substitutes shall be members of the Association and qualify under Rule 4 and shall serve only in connection with the controversy for which they have been selected.

6. The record of the action of the Committee shall be made in triplicate, one copy of which shall be given to each of the contending parties, and one copy sent to the Secretary of the National Paint, Varnish and Lacquer Association, Inc., but no report of the same shall be published or made a matter of permanent record.

SECTION 13. Resolutions Committee: The President shall appoint a Resolutions Committee of three (3) members from the membership of the Executive Committee at the

annual meeting of this Association. This Committee shall consider all
or recommendations which may be referred to them in sessions of the
taining to matters that have not been before the Board of Directors or
mittee. They shall submit to the annual meeting such resolutions o
recommendations. When necessary, they shall draft and submit to the
the Association resolutions on subjects requiring action of the members

SECTION 14. Special Subcommittees: The Chairman of the Exec
the President, upon specific directive of the Executive Committee and
may arise, or when in their judgment it may be required, shall appoi
or subcommittees, to whom the Chairman and/or the President shall
investigate, report or confer on subjects not within the scope of the
other committees, as provided for in the By-Laws.

SECTION 15. Duties of Committees: It shall be the duty of all
otherwise specified, to receive for consideration, all subjects involvin
resented by said Committees; to formulate such recommendations as
the best interests of the Association, for presentation to the Board of
tive Committee in the form and manner prescribed in these By-Laws

SECTION 16. *Communications: All communications* relating to
terests covered by any Committees, shall be referred by the President
of the Executive Committee, to the Chairman of such interested Co
make reply or return such recommendations as his Committee may in
dent for presentation to the Executive Committee at their next sche
required by an emergency, by mail.

ARTICLE IX

Reports, Resolutions and Communications

Each Committee shall submit, through its Chairman, to the Pres
(30) days before the annual meeting of the Association for presentatio
of Directors to that meeting of the Association, a written report acc
mendations, if any, on the subjects assigned to said committees. All
reports or communications received by the President in advance of th
the Association, shall be referred by him to the *Executive Committ*
and by them referred, with their recommendations, to the Board of Di
tion at the annual meeting of the Association for appropriate action.

All resolutions, reports or communications presented in annua
pertaining to matters which have not been before the Executive Comm
of Directors, may be referred to the Resolutions Committee for consi
mendations; reports of such considerations and recommendations sh

our responsibilities and obligations to promote the public welfare, and to maint
fair and friendly relations among men, do pledge ourselves:

1. To complete always with fairness and honesty, seeking patronage on
vice; to refrain from false, derogatory reference, written, oral or printed, to c
their products; and from the circulation of harmful rumors regarding such
products, or their personal or financial reputation; to strive, by sincere and int
eration with our competitors, in all lawful ways to increase the efficiency and
public of the Industry as a whole; to base our advertising exclusively on the
own products and the value of our own service, without false, derogatory re
products of competitors or misleading comparisons therewith.

2. To be guided by a spirit of justice, honor and fairness, in all our relatio
bers of the allied trades, realizing that the standard of ethics maintained in our
vitally affect the standard observed in associated industries; to encourage the
the allied trades of similar codes as guides to govern their practices; and to d
fair trade practices in those trades, even though such practices might at times
immediate advantage.

3. To represent our products truthfully in advertising, labeling and brand
therein all false or misleading statements or descriptions.

4. To avoid and actively strive to prevent all forms of commercial bribe
tion by members of this Association and by the Industry in general; and to
pledge our support to the Federal Trade Commission and any other enforce
in locating and prosecuting individuals guilty of such practices.

5. To recognize the right of employees to use all honorable and reasona
better their conditions, but to refrain from directly or indirectly soliciting or b
services of the employee of another member.

6. To recognize that only when an employee shall take the initiative shall
right to negotiate with such an employee of another member.

7. To refrain from the unethical practice of taking in exchange or in any m
ing in the exchange of the paints, varnishes or other kindred products of anot
turer, distributor or dealer.

8. To adhere faithfully to the rules of conduct herein set forth and to insp
members to do likewise, believing that the Golden Rule is the only safe guide
the relations among men.

NPCA/RI 018013

9. Any violation of this Code shall be referred by the President of the National Paint, Varnish and Lacquer Association, Inc., to the Executive Committee for consideration and action.

However, no such amendment or revision shall be considered unless the same has first been submitted to the By-Laws Committee in writing, who shall present it with their recommendation to the Board of Directors, and by them presented with their recommendation to the Association at a regular session prior to the session at which final vote is taken.

SECTION 2. Any portion of the By-Laws may be suspended for a definite purpose by unanimous vote at any special or annual meeting of the Association.

(Adopted November 2, 1933; Amended November 2, 1934; November 1, 1935; November 20, 1936; October 29, 1937; November 1, 1940; October 31, 1941; October 20, 1943; October 26, 1944; November 1, 1945; November 8, 1946; November 14, 1947; November 10, 1948; November 2, 1949; November 17, 1950; October 31, 1951; November 19, 1952; October 28, 1953; November 5, 1957; October 29, 1958; October 21, 1959; October 29, 1960; November 1, 1961; November 7, 1962; October 30, 1963; November 11, 1964; October 27, 1965; October 31, 1967; October 22, 1968.

NOTE: The Non-Exchange Agreement and the Anti-Bribery Agreement, the texts of which are reprinted in full below and on page 66, are referred to in Article II, Section 7 of the By-Laws (page 54 of the Year Book).

ANTI-BRIBERY AGREEMENT

WHEREAS, The Federal Trade Commission, at Washington, practice in trade of manufacturers or dealers, secretly giving comm other things of value to employees of concerns to whom they sell is

WHEREAS, The members of the National Paint, Varnish and Lac are in full sympathy with the purpose and wish to cooperate with the mission to eliminate the practice:

Therefore, We hereby agree for ourselves individually, our respec men and employees, not to permit the gift of any commission, gratui value to employees of concerns to whom we sell; and we further salesmen expense money for any other purpose than for legitimate ex mit any funds to be dispensed in any illegal way to influence business.

We are signing this agreement irrespective of our membership Varnish and Lacquer Association, Inc., or contemplated membership compulsory in order to become members or to continue membership i

NON-EXCHANGE AGREEMENT

Whereas, the taking of the products of one manufacturer by a his own products — commonly known as the "Exchange of Paints, Va is unethical and demoralizing:

1. We hereby agree for ourselves and for all individuals, firm ployed by us or doing business under our direction and control that w to be taken in exchange for our own products any paints, varnishes, ucts of any other manufacturers; nor will we give or permit the giving tance in facilitating such exchange or replacement or the disposal o in the hands of others; nor will we make or permit to be made any c or gifts of any kind to promote or facilitate such exchange.

2. We agree to report promptly to the National Paint, Varnish Inc., any violation of this agreement coming to our knowledge.

3. We agree to cooperate with the National Paint, Varnish Inc., in the investigation of such report.

4. The National Paint, Varnish and Lacquer Association, Inc., report, and if found correct shall report the facts to the Board of Dire the accused of the charges, and provide due opportunity for hea agrees that if the Board of Directors shall find that such charges are that the accused has acted without valid justification or excuse, the General Counsel to report all pertinent data to the Federal Trade Com action. A finding against a member of a violation of the law by the F sion shall be deemed a violation by such member of Section 7 of the National Paint, Varnish and Lacquer Association, Inc., and such furth of Directors deems appropriate shall be taken.

5. We agree to inform all individuals, firms or corporations em business under our direction and control of the purport of the scope

NPCA/RI 018014

to advise them that any effort or assistance on their part to effect or promote the exchange through sale or otherwise of the products of any other manufacturer for the purpose of replacement in whole or in part by our own products, or to assist in the disposal of competitive products in the hands of others constitutes a direct violation of this Agreement.

6. We accept responsibility for any violation of this Agreement by any individual, firm or corporation in our employ or doing business under our direction and control and will require of them by all lawful means that they shall not negotiate, arrange, or in any way participate in the replacement or transfer of any products other than those of our own manufacture.

7. We agree that in all cases where the application of this Agreement is in doubt we will submit the facts to the Board of Directors of the National Paint, Varnish and Lacquer Association, Inc., before taking action, and will abide by their decision.

NPCA/RI 018015

Our only business is paint labels.

You need a specialist to relieve you of costly delays and errors. The management and production staff of The Ideal Printery has been serving the paint industry exclusively for a combined total of more than 100 years. Membership in the National Paint, Varnish & Lacquer Association and Printing Industries of Metropolitan New York keeps us abreast of the latest labeling requirements and advances in the graphic arts. Send your next label order to Ideal and make us prove we can help you.

Free!

Pressure sensitive Lead Caution labels. Necessary for making some custom tinted colors comply with P.L. 91-695. Return the coupon or write on your company letterhead to receive 50 free labels.
