YOUR BUYERS' GUIDE

OF POWER FIELD PRODUCTS

AND THE COMPANIES THAT MAKE THEM

Directory of Manufacturers

More than 1000 manufacturers of power field products have told us what they make. To use this directory, first look under the noun in the product heading; for example, if you're looking for safety valves, look under "Valves, Safety." Company names and addresses are listed alphabetically under each heading.

If you need information on equipment that may no longer be manufactured, check the Index to Former Manufacturers, which begins on page 117.
