February 25, 1969

Dr. Keplinger
Industrial Biotest Laboratories, Inc.
1810 Frontage Road
Northbrook, Illinois 60062

Dear Dr. Keplinger:

Confirming our telephone conversation (2-25-69), please make sure that feather samples from both the control chickens and the ones [illegible], Halotex, DDT, and [illegible] are included with tissue samples from the chicken feeding studies.

Best regards.

Sincerely,

E. Scott Tucker
