Dr. Harold Karlin
31 Bay State Road
Boston 15, Massachusetts

Dear Dr. Karlin:

Could you find out from your patient which Pydraul he is referring to. This is a generic classification for a group of our functional fluids and the individuals vary greatly in composition and physiological action.

If you could also give me some idea of the specific problems or effects, I might be able to answer you more definitively.

Sincerely,

R. Emmet Kelly, M. D.
Medical Director
